**NOTES:**

- The number of correct questions needed to achieve a particular score on a subtest varies greatly from test to test, so we are reporting ranges of scores over several tests that have equated to the scaled scores shown above.
- The Percent Correct column for each subtest reflects the high end of the range of correct questions required to achieve a particular subscore.
- These ranks are reported as “US Rank” on ACT score reports during the 2023-2024 reporting year (September 2023 through August 2024). The ranks are based on ACT-tested high school graduates of 2021, 2022, and 2023 (n=4,031,328)
